## Co-Creation Atelier 2 – Traditional and Contemporary Dances **September 12<sup>th</sup>-25<sup>th</sup> 2022**

2 weeks of paid research at SÜDUFER, Freiburg i. Breisgau  
payment for the dancers 1500€  
travel and accommodation costs are covered

The interdisciplinary SHIBUI Collective in cooperation with the E-Werk Freiburg offers a total of 3 co-creation ateliers in 2022.

For the second atelier the choreographer Emi Miyoshi is looking for 6 dancers to join her research for her upcoming production RESTEP. The two weeks in September will function as a first research phase to create new contemporary movement material based on the origins of traditional Japanese dances of BON ODORI. The research will focus on their contemporary development and reinterpretation to reflect mechanisms of collective memory and to explore the possibilities and limits of communal and traditional dances.

This Open Call is especially aimed at dance artists with the ability to pick up steps quickly, a good sense of rhythm and coordination and clear articulations of hands and feet. We are also interested to hear about possible backgrounds in traditional dance or folk dance.

Furthermore, we ask for at least 2 years of professional stage experience and a working permission in Germany (insurances can't be covered).

The Co-Creation Atelier 2 will take place from 12.-25.09.2022. We are hoping that this atelier functions as a possibility for some of the dancers to join the cast of the next production RESTEP.

The rehearsals for RESTEP will take place from 09. - 29.01.2023 and 27.02 - 26.03.2023 (including 5 performances).

Please only apply to the Co-Creation Atelier if you're available for all the dates mentioned above.

For the application, please send us:

- a video link to an improvisation (max 3 min, no video files please)
- CV including a photo
- a letter of motivation, stating your interest in the atelier and experience with traditional and contemporary dance

Further questions and your application can be sent to [info@shibuicollective.com](mailto:info@shibuicollective.com) until **24<sup>th</sup> of July 2022**.

You will receive a response to your submission by the 31st of July 2022.

We are looking forward to your applications!
